**SUMMARY OF THE REASONS FOR DECISION:**

The DVD *Rogue IV The Big Ass She-Male Adventures Continue* is classified as:  
Objectionable except if the availability of the publication is restricted to persons who  
have attained the age of 18 years.

The publication is a DVD containing a sexually explicit feature that is identical to a  
feature contained on a video recording of the same title (OFLC No. 9901808) which  
has been previously classified by the Office of Film and Literature Classification. The  
decision was registered on 9 November 1999. The classification of that video  
recording was objectionable except if the availability of the publication is restricted to  
persons who have attained the age of 18 years, with the descriptive note 'Contains  
explicit sex scenes.'

The DVD contains other components, such as still images, which are also sexually  
explicit. These additional components contain some mildly degrading and  
dehumanising elements but not to such an extent or degree that would result in the  
DVD receiving a different classification to that given to the video recording. Therefore,  
the DVD is also classified as objectionable except if the availability of the publication is  
restricted to persons who have attained the age of 18 years.
